## Admission to the State Universities of Illinois

Admission requirements for the state universities in Illinois are outlined below. Any questions or concerns about the admissions process should be directed to the appropriate university office.

### Admission as a Freshman

Admission as a freshman to a state university in Illinois is based primarily on a combination of class rank, ACT or SAT score, and high school subject pattern requirements. Pending graduation from high school, a student can be admitted as a freshman by presenting the following **minimum** credentials:

| University   | HSPR   | ACT Composite  | SAT Total Score    | University   | HSPR   | ACT Composite | SAT Total Score                                  |

+ The schedule on which applications will be reviewed provides for competitive admission on a space available basis. These are the minimum requirements for consideration.

### When to Apply for Freshman Admission

Applications should be filed as early as possible in fall of the senior year. An official transcript including senior courses in progress, class size and rank and the student's social security number should be submitted with the application for admission to facilitate the consideration of each applicant. This allows the university adequate time to process the application and give maximum consideration to credentials.

The state universities of Illinois will continue to consider applications as long as space exists. Applications with all required credentials should be received during the following application periods:

|             | Application Period Begins  | Application Period Ends   |
|-------------|--|---|
| <b>CSU</b>  | After completion of junior year                                    | Consult university  |

## Admission as a Transfer

Admission as a transfer student to one of the state universities in Illinois is based primarily on grade point average for all previous college work, as listed below. The minimum number of credit hours needed to be considered a transfer student for admission purposes is also listed below. Applicants who have completed fewer than the required minimum credit hours must also meet beginning freshman requirements except GSU.

## Transfer Student Requirements

|             | Minimum Semester Hours<br>(semester hours x 1.5 = qh)          | Minimum Cumulative GPA<br>(A = 4.00) |

1. AA/AS degrees based on baccalaureate-oriented sequences from a community college in Illinois generally are considered to have junior status and have met lower-division general education requirements.
2. The admission of transfer students is on a competitive basis. Several programs require specific prerequisite coursework and/or a higher GPA. Consult admission information (application packet) for current application guidelines.
3. Good standing at last college attended is also required.
4. AAS degrees are acceptable, but if the 39 hours of general education requirements have not been met prior to graduation, the degree program may be extended.
5. The schedule on which applications will be reviewed provides for competitive admission on a space available basis.
6. Students who earn AA/AS degrees from Illinois Community Colleges which meet the I.C.C.B. model are considered to have junior status and have met lower-division general education requirements.
7. Credits must include English Composition
8. Demonstrated competency in English and Mathematics.
9. Students with the Illinois Articulation Initiative (IAI) General Education Core Curriculum (GECC) verified on their transcript from any participating college or university in Illinois will have met the University general education requirement.
