**KEY**  
**D:** Delegate                      **AD:** Alternate Delegate  
**NV:** Non-voting Board Member

# IACAC EXECUTIVE BOARD STRUCTURE

This document is intended to capture the organizational chart and structure of the IACAC Executive Board Cabinet, Council and Committee make-up in a given year. It will be updated each year by the Secretary. The Cabinet section of this document outlines the members who serve on the Cabinet as well as their assignments outlined in the IACAC by-laws.

The Council Teams & Committees section identifies which committees function under each of the 4 Council Teams. Directors and Delegates co-chair one of these 4 Council Teams. In addition to their roles as co-chairs, they serve as liaisons to specific committees within a team. As liaisons, they guide a particular committee and act as a conduit/messenger between the committee and the Executive Board. For example, a Council Team Director could be assigned to co-chair the Member Relations Council Team therefore overseeing the interaction among all committees within that team. Additionally, that Director would also be assigned as the liaison to at least one specific standing or ad-hoc committee. The Directors and Delegates are often referred to as “The Council.”
